T. D. PATTILLO REJECTS CALL FOR COALITION

Ready to Form Own Ministry If Requested, Says Liberal Leader

ELECTION THIS YEAR HELD IMPRACTICABLE

Courteously, but very clearly, T. D. Pattillo, leader of the Opposition in the British Columbia Legislature, has declined an offer of Cabinet rank in a Union Government under Premier S. P. Tolmie. His reply was made public yesterday, after it had been transmitted to the Premier, and speaks for itself. Premier Tolmie kept his own counsel, but intimated that his next step would be to announce in a day or two, his left last evening for the Mainland, to open the Chilliwack Fair, where he will be joined by Hon. William Atkinson today.

Meanwhile a high official of the Government intimated that initial rejections by W. J. Bowser, K.C., and by the leader of the Opposition, would in no wise halt a move toward a Union Government. While official pronouncement was lacking, it was plainly indicated that there is no present expectation of an election this year, and that if an early session of the Legislature is contemplated, no step has yet been taken to bring it about. Preparations adequate for a general election would take three months, and Midwinter polling in British Columbia is not practicable.

MR. PATTILLO REPLIES
In his reply to Premier Tolmie, Mr. Pattillo stated as follows:
"Dear Mr. Tolmie—I am in receipt of your letter of September 9, as follows:
"I presume that you have seen my announcement in the press expressing my views on Union Government, wherein I stated that under present conditions I thought it was visible in the interests of the province to call in some of our leading men who have had experience in governmental affairs. I am therefore asking you if you would be willing to join such a Government under my leadership."
"Announcement to which you refer in your letter indicates that you would issue a further statement in due course. This statement has not yet been forthcoming. I have, therefore, no information as to whether policies or administrative measures you may have in mind, which you could not already have put into effect with the large majority in the Legislature which you have had supporting you. Information is also lacking as to what you have in mind with regard to membership in the Union."

War Memorial Completed

CANADA'S War Memorial, which will in due course be erected on Parliament Hill, Ottawa, has now been completed at Farnborough, Kent, England, and for a short period will stand in Hyde Park, London. This picture shows the six March brothers and sister standing before three of the gigantic figures which form part of the memorial. The memorial consists of a huge arch through which pass representatives of the services who responded to the call for men during the Great War.

Von Hindenburg Is Angered When Edict Is Ignored

Plans to Settle U.S. Farmers on Manitoba Lands
WINNIPEG, Sept. 13 (CP).—For the purpose of placing United States farmers on Canadian soil, a United States firm has purchased 10,000 acres of land near Elm Creek, thirty-five miles southwest of Winnipeg. A further purchase of 25,000 acres in an undisclosed district is being negotiated, according to W. J. Whiddon, representing a United States corporation bearing his name.

Attracted by cheaper land and higher farm product prices, Mr. Whiddon said, United States farmers are anxious to settle on Dominion farms.

Increase in Indian Population Shown in Census Figures

OTTAWA, Sept. 13 (CP).—Department of Indian Affairs officials expressed the opinion today there are more Indians in Canada now than when the first white man landed in this country. The 1931 census of the Dominion gives the total number of red men as 122,920, compared with the last department census total of 108,012. Ontario leads with 30,368 Indians and British Columbia is second with 24,599.

HISTORY TO BE MADE IN PARLIAMENT

Early Session at Ottawa Will Ratify Treaties Before Adjournment

HOUSE TO CONVENE THURSDAY, OCTOBER 6

By THOMAS GREEN (Canadian Press Staff Writer)
OTTAWA, Sept. 13.—Canada's Parliament, convening on October 6, will make new history. It will write the statute books of this country, in view of many approvals of the greatest advancement through the centuries of time in trade within the British Empire.

Not since the early days of the Great War has the Empire stood so bound, to predominate. Assembling early for the prime purpose of ratifying agreements made at the Imperial Conference, the Empire trade discussions will hold full sway in both Commons and Senate during the fall months.

The session will be a regular meeting of Parliament. In the opening of the session, Prime Minister R. B. Bennett made this fact distinctly clear. The full details of curtailing his tour of Western Canada will be back in Ottawa in time to open Parliament.

DEBATES SHORT
The Speech from the Throne will have the usual precedence. But the general disposition will be to shorten debate on the address in reply, and get down to discussion of the Imperial Conference agreements.

Canada has made trade agreements with the United Kingdom, South Africa, Southern Rhodesia and the Irish Free State. All these agreements, with full details of tariff concessions, will come before Parliament for approval. A trade pact with Newfoundland is in the Imperial Conference ratification.

Rome-Bound Plane Is Sighted Well on Way Over Atlantic Ocean

Physician Making Study of Effects of Flight on Pilot and Nurse

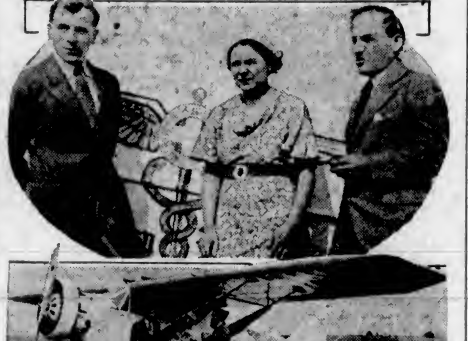

FLYING CONDITIONS ARE REPORTED GOOD

LONDON, Sept. 14 (AP).—The St. Winnebago reported by wireless early today that at 10:50 p.m., Greenwich mean time (5:50 p.m., E.S.T.), she had sighted an airplane flying east at latitude 41:54 north and longitude 52:54 west. This position is about 1,000 miles along the due east of Boston on the southern steamship lane to Europe.

If this plane was the American Nurse, she had covered approximately one-third of the distance between New York and Brest, France.

This would mean that the plane had traveled almost 100 miles an hour since its take-off with three persons aboard at 6:15 a.m., E.S.T. yesterday.

Plane Bound for Rome

HERE is the trio of flyers who took off from Floyd Bennett field, New York, for Rome yesterday. They are, left to right, William Ulbrich, former flying instructor; Miss Edna Newcomer, a nurse, of Williamsport, Pa., and Dr. Leon Picculi, who purchased the plane, below, from Clyde Pangborn and Hugh Herndon, transatlantic flyers. The ship has been renamed American Nurse.

HUTCHINSONS FOUND SAFE; PLANE LOST

British Trawler Picks Up Flying Family in Greenland Fjord

MACHINE SMASHED ON REEF BY WAVES

ANGMAGSALIK, Greenland, Sept. 13 (AP).—After a two-day search along the East Greenland Coast by aviators since seamen, the Hutchinsons' flying family was found today on a beach less than forty miles from here. They had cracked up their Transatlantic plane in a treacherous reef-filled fjord.

The party of eight, including George F. Hutchinson, his wife and two little daughters, were picked up by the British trawler Lord Talbot, which had been scouting around a position given by the Hutchinsons in an SOS call since Sunday afternoon.

PLANE IS SMASHED
Governor Knud Oskendow, of Greenland, advised the Danish Government at Copenhagen tonight that the Lord Talbot had arrived at Angmagssalik late today with the Hutchinson family. He added Hutchinson said his plane was forced down by a reef and smashed on a reef by the waves.

The British ship had reached the point given by Hutchinson in his last distress call within four hours. Later German and Danish aviators, and North American, British and Norwegian members of various scientific and other expeditions in this vicinity, who put out in boats, joined in the search.

LEAKING FUEL TANK
Hutchinson, former Philadelphia aviator, said a leaking gasoline tank forced him to bring his plane down Sunday while attempting to fly from Julianehaab, at the southern tip of Greenland, to Angmagssalik.

His children and others in the party were able to wade ashore, and reached the tiny Eskimo settlement of Ekker, whose few inhabitants were preparing to abandon the place for the winter.

Eskimo sealers aided Hutchinson and his crew in saving their flying instruments and most of their supplies.

TO CONSTRUCT NEW B.C. FERRY

Government Will Call Tenders for Building of Kootenay Boat

Decision by the Government to build its own ferry boat for operation on Kootenay Lake, between Pelly's Landing and Gray Creek, was announced yesterday by Hon. R. W. Bruhn, Minister of Public Works. Tenders will be called shortly for the construction of a ferry boat suitable for the purpose. The plan, it is stated, will involve a considerable saving in the province over the present method, whereby a private steamer is chartered for the ferry route.

Analysis of costs involved, the Province has found that whereas a ferry boat could be constructed on Kootenay Lake at a cost in the neighborhood of \$50,000 and with a probable life of twenty years, receipts from the operation of the existing ferry were close to \$98,000 alone for the past twelve months.

It is expected, also, that as roads are improved, traffic over the ferry will increase, leading a higher annual return than heretofore.

For the initial cost of the ferry boat to be built, the Government will loan annual outlays and receive an improved service, it is stated.

Construction of the boat will afford new work in the area. Tenders will be called as soon as the plans have been prepared.

Two Dead in Plane Crash At Montreal

MONTREAL, Sept. 13 (CP).—Captain Blaise A. Leboeuf, chief instructor of the Montreal Light Aero Club, and C. W. Chambers, also of Montreal, were killed tonight when one of the club's planes crashed near St. Hubert airport.

Captain Leboeuf was instructing Chambers in "spinning." The machine went into a dive and Leboeuf was not able to right it. The plane caught fire almost instantly after the crash and the bodies were badly burned. It was believed, however, they were both killed by the crash.

MANITOBA TOWN IN PATH OF FIRE

All Residents of Herb Lake Are Attempting to Check Advance of Outbreak

HERB LAKE, Sept. 13 (CP).—Fighting to save their homes, all residents of this settlement are tonight attempting to stave off the advance of a forest fire raging west of the town. The blaze broke out about four miles from here and was discovered in the afternoon. Fanned by a light wind it was steadily advancing through the dried-out brush.

Government fire rangers are expected to arrive during the night to aid in bringing the outbreak under control. As there is no heavy timber in the path of the fire, the townsmen are hopeful of checking it by back-firing between morning.

Situated on the Hudson Bay Railway, eighty-two miles north of The Pas, Herb Lake is a centre for trappers, fur traders, miners and prospectors operating in the district.

German President Supports Refusal of Ministry to Attend Committees

ELECTIONS DATE NOT ANNOUNCED

BERLIN, Sept. 13 (AP).—President Paul von Hindenburg tonight supported the Nazi president of the Reichstag, Wilhelm Goering, for "overriding a presidential decree of dissolution."

The aged chief executive apparently was referring to Herr Goering's refusal to dissolve the law-makers yesterday when the Junker Chancellor, Franz von Papen, placed a decree signed by the President before him.

"The President's note of refusal was in reply to Herr Goering's protest to the President over the non-appearance of the Reichstag before the Reichstag standing committees."

In official quarters it was stated Herr Goering's note omitted the customary courtesy of phraseology used in addressing the President and charged the Cabinet members.

MAINE TAKEN BY DEMOCRATS

Republican Stronghold Falls—Governor and Two Congressmen Go Down

PORTLAND, Maine, Sept. 13 (AP).—An aroused Democracy tonight had smashed a Republican machine—built up through an unbroken series of full terms in office—into the discard and elected a Governor and two of the three Congressmen in the rocky Republican stronghold of Maine.

Only seventeen of the state's 632 voting precincts were reported from yesterday's election, which preceded the canvass in the rest of the country by two months—and they held such small numbers of registered voters they should not affect the results in the gubernatorial contest or those in the second and third congressional districts.

SAFE LEAD
Louis J. Brand, mid-mannered Lewiston lawyer, had a lead of 1,378—somewhat slender but unimpaired by the tabulations near completion—in the race for Governor.

The congressional fights in the second and third districts—both won by the Democrats—saw the third failure for former Governor Ralph O. Brewster in his efforts to re-enter politics, and the final broken by the Democrats—saw the young Democrat from Rockland, who lost to the Republican gubernatorial candidate in the 1928 and 1930 elections.

VETERANS DEFEATED
Brewster fell before the onslaught of John G. Utterback, former Mayor of Bangor.

Moran pushed over Congressman John E. Nelson, now in his fifth term in the House of Representatives.

Congressman Carroll L. Beedy, who alone was able to weather the attack, had a majority of 2,081 over Joseph E. Connolly in the first district.

BANDITS WRECK ANOTHER TRAIN

HARBIN, Manchuria, Sept. 13 (AP).—Another outrage by bandits operating along the Chinese Railway, occurred last night almost at the same spot where the Harbin-Changchun express was wrecked the night before.

At a point forty miles south of Harbin, the regular train from Changchun was wrecked and plundered. Nine Japanese soldiers were killed, twelve were seriously injured, a number of passengers kidnapped, and the countryside reduced to a state of panic.

Signs of Better Times Apparent

HALIFAX, Sept. 13 (AP).—In order to secure the full benefit of Imperial Conference agreements, Canadian exports should be routed through all-empire channels. This is the opinion of Hon. H. H. Stevens, Minister of Trade and Commerce, who arrived in Halifax tonight, to address the Canadian Chambers of Commerce tomorrow.

In the case of Canadian goods shipped by way of United States ports, ability to prove origin would be a difficult matter, he said. This was particularly true of wheat and lumber.

"There are decided signs of improvement in Canada today," the minister said. "We must not, however, get the impression that all our troubles are over, and that the road is easy. Still, signs of better times are apparent."

Calls for Old Wartime Spirit to Overcome Depression

VANCOUVER, Sept. 13 (CP).—"If the spirit of the Great War were injected into peace, then peace might be more successful," Rev. Sidney Lambert, padre of Christie Street Hospital, Toronto, and president of the Amputations Association of Canada, said today in an address to ministers and laymen of the Vancouver Presbytery.

"If socks were knitted for the destitute as they were knitted for the soldiers, and if parcels were sent to those without food as they were sent overseas, I wonder if we wouldn't be on the mountain tops today instead of in the valley," he said.

"Times a United Church minister, Mr. Lambert declared he would like to 'take a shot at you ministers on the subject of war and peace, but I'm not debating it here.' He said Canada 'has done more for its disabled veterans than any other country.' Speaking of his work among the disabled, he said the death rate in Christie Street Hospital was 197 a year.

Praise Dominion Upon Decision to Stop Transients

Hon. W. A. McKenzie Says British Columbia Fully in Support of Action by Prime Minister to Stem Drifting—Police Action to Halt Free Rides on Trains Pending

UNANIMOUS British Columbia approval of the intention announced by Rt. Hon. R. B. Bennett, at the recent Calgary meeting with Western Provincial and municipal officials, to stop transients drifting from province to province will be lodged with the Ottawa Government immediately, it was learned at the Legislative Buildings yesterday.

Hon. W. A. McKenzie, chairman of the unemployment committee of the Cabinet, came out in a strong statement showing the absolute necessity for such a move, if British Columbia is to be able to cope with its own problem in relief matters.

Last year, it is recalled, idle men to the equivalent of twelve battalions of infantry at peace strength found their way into the province from other parts of Canada. This influx seriously confounded all local measures of relief, and cast heavier burdens on Dominion, Provincial and municipal shoulders in consequence.

IN FULL SUPPORT
"We are absolutely behind Rt. Hon. R. B. Bennett in his decision to stop transients and drifters roaming about the country at the expense of the railways and the provinces where they temporarily settle," Mr. McKenzie stated. "The Prime Minister's statement at the Calgary conference was clear and definite, and we are behind him 100 per cent in the necessity for taking steps to stop the transient movement this fall and winter. It was done in connection with the Imperial Economic Conference, at Ottawa, and can be done again."

"Premier J. E. Brownlee, at the Edmonton meeting of Western Provincial and municipal representatives, painted a distressing picture of an army of young men who roamed the country last year under the name of drifters."

Plan to Withhold Land Payments to Free State Gov't

DUBLIN, Sept. 13 (CP).—At a meeting of 400 County Sligo farmers today, a resolution was adopted which provides for the withholding by the farmers of land annuities payments to the Free State Government on December 1. The resolution also requested the Free State Government to effect an immediate settlement of the Anglo-Irish dispute over land annuities.

PEDEN AND RUSH COLLIDE IN RACE

VICTORIA RIDERS ESCAPE INJURY IN VANCOUVER TRACK RACE, BUT LOSS SPRING

VANCOUVER, Sept. 13 (CP).—William "Torchy" Peden, Victoria's world-famous six-day bicycle rider, narrowly escaped serious injury in a special fifty-mile race event here tonight featuring the riders who took part in the international six-day race last week.

Peden was hanging on the rim of the saucer to take up the race from his partner Lew Rush, following a furious sprint which the latter had won from Al Crossley. Just as Rush drew abreast with Peden the red-thatched rider shoved off and the two collided. Peden was thrown head first over the top rail and into a row of vacant box seats, landing heavily on his head and shoulders. He was assisted to the dressing-room for medical attention, but appeared at the track again shortly after.

He was unable, however, to continue in the race. Rush was shaken up but otherwise appeared none the worse for his tangle and continued to ride.

Horace Horder, Australia, and "Folly" Parrott, Victoria, were leading the field at the time of the spill.

Prince Flying Home
PARIS, Sept. 13 (AP).—The Prince of Wales flew from Biarritz today, and after spending the night, will continue to London. An extra airplane went along to carry the baggage and golf sticks he had used during his vacation at the French resort.

GOV. HARTLEY FALLS BEHIND

Gellatly Leading Republican Ticket in Washington—Bone Heads Democrats

SEATTLE, Sept. 13.—Senator Wesley L. Jones took a commanding lead in his race for the renomination by the Republican caucus for the United States Senate from Washington on the basis of 274 precincts out of 2,682 in the state, polling 8,243 votes to 5,219 cast for Adam Beeler. Both are Seattle men.

Homer R. Bone, Tacoma attorney, was well out in front for the Democratic nomination, with 4,434 votes to 1,497 cast for his closest opponent, Stephen F. Chadwick, of Seattle. Edwin J. Brown, of Seattle, polled only 396 votes in the precinct reported and Lloyd Black, of Everett, 302.

In the Republican contest for the gubernatorial nomination, Gov. Ronald H. Hartley was trailing Lt. Gov. John A. Gellatly by 368 precincts reported, the governor having 7,400 votes to 12,185 reported for Gellatly. M. G. Tennent was running a poor third, with 2,858.

The contest for the Democratic gubernatorial nomination drew close with the three leaders well grouped. William H. Pemberton was in the lead in the 156 precincts, with 2,615 votes. Clarence D. Martin was second, with 2,534 votes and Lewis B. Schwelbensch third with 2,386.

MILLER LEADING
Returns from twenty out of 461 precincts in the first Congressional district gave former Congressman John F. Miller 810 votes to 581 for the incumbent, Ralph Horr, for the Republican nomination. Horr defeated Miller two years ago. Martin A. Zionscheck had outdistanced the field for the Democratic nomination, having 573 votes. His nearest opponent was J. H. Miller, with 400.

MURDERER OF DOUMER EXECUTED

PARIS, Sept. 14 (AP).—Dr. Paul Gorguloff, Russian physician, who shot and killed former President Paul Doumer last summer, was executed on the guillotine at 5:52 a.m. today.

Gorguloff seemed in a stupor as he was taken to the guillotine. He muttered to himself continuously as the plank was fastened. He was a larger man than the ordinary, and a few seconds were lost in adjusting 'his big bulk to the machine, but otherwise the execution was conducted smoothly.

Registrations Are Now Being Made at College

City School Board Prepares 1932-33 Session at Victoria College—Staff Personnel and List of Courses Are Issued as Guide to Students

Registrations for the 1932-33 Victoria College term are now being accepted at the office of the registrar on Craigdarroch Road. Registrations will close on Wednesday, September 21, and the session will begin on Monday, September 26. The office will be open for students on week-days, between 9 a.m. and 12 noon, and 2 p.m. and 5 p.m. On Saturdays, the office will remain open from 9 a.m. until 1 p.m.

The college year is divided into two terms. The first begins on Monday, September 26, and the second on Monday, January 9. Examinations will conclude each term, with the last one covering the entire session period.

Instruction is offered students in the first two years of the faculty of arts and science, including commerce, and the first year of the faculty of applied science, leading to the degree of bachelor of arts and science, bachelor of commerce and bachelor of applied science. Courses preparatory to medicine, nursing, home economics and law are given in so far as the curriculum applies.

The following is the personnel of the college staff for the 1932-33 term:

Percy H. Elliott, M.Sc. (McGill), principal, associate professor of science; Stanley Part, B.A. (Toronto), assistant to principal, assistant professor of economics and history; Walter H. Gage, M.A. (B.C.), registrar, assistant professor of mathematics; Miss Jeanette A. Cann, B.L. (Dal.), assistant professor of English and philosophy; Miss Sanderson-Mongin (Diplome Paris), assistant professor of French; J. A. Cunningham, B.A. (Queens), assistant professor of biology and zoology; Miss R. Ruth Humphrey, B.A. (Allison), B.A. (Oxon), assistant professor of English; George P. Black, M.A. (Man.), assistant professor of classics; Edward J. Savannah, A.B. (Cal.), instructor in chemistry; Edward B. Paul, M.A. (L.D. (Aberdeen), L.L.D. (Brit. Col.), principal emeritus.

There was something more malleable than gold and more ductile than silver to be utilized in the national structure. It was something not made with hands. This element was necessary in the quality of the construction.

Dealing with the subject somewhat after the manner of a lesson in history and geography—the social studies—the speaker first recalled the wonderful work represented in the pyramids in the vicinity of Cairo.

This was the work of an ancient civilization. Built of rocks hewn from the granite beds and transported to the location, blocks weighing as much as fifty tons were put in place.

BUILT WELL
After 5,000 years, the adjustment of the stones and elsewhere to be cement binding them were such that there had not been any perceptible sinking of the mass. The lesson to be learned from this was that other races had mathematical and building genius at least equal to that of the present-day races.

Mr. Sullivan alluded also to the manufacture of fertilizer at the rate of 375 tons a day by the utilization of the gases which had been destructive to vegetable life in the past.

PRIZE STABILIZATION
This fertilizer was now going to the East Indies and elsewhere to be used in increasing the productivity of the lands. The output of the works at the smelter was brought vividly to mind by the speaker when he said that the stabilization of prices of materials by 1 cent a pound would represent \$6,000,000 in the results of the mine and the smelter at Trail.

The final structure that he called attention to was the Dominion of Canada, which was described as a house well built by their fathers with foundations solid. This had been added to by rooms, represented by the provinces. The speaker pictured the outlook from the various windows and admonished his hearers to see that the structure was kept substantial.

ATTEMPT IS MADE TO REACH AGREEMENT IN MUNICIPAL AFFAIRS
In an attempt to reach common ground with respect to the subjects that have caused friction in the past between municipal councils and school trustees, a meeting has just been concluded between a special committee representing the Union of British Columbia Municipalities and the executive of the Trustees' Association. R. F. Blandy, municipal clerk of Victoria, was chairman of the special committee from the Union of British Columbia Municipalities. He has just returned from the last conference between the two bodies.

At the meeting held in Vancouver, Hon. Joshua Hinchliffe, Minister of Education, was present. The meeting was for the purpose of making clear the position of the two bodies before the annual convention of the trustees, which will open in Kelowna on Monday.

Following the convention in Kelowna, when the trustees will go fully into the situation, a further meeting of the two bodies is expected.

WAS BURIED YESTERDAY
The funeral of Mrs. Catherine Fraser took place yesterday afternoon at 2:30 o'clock. Many friends attended and carried was covered with beautiful floral tributes. Rev. Canon Stocken conducted the service. The pallbearers were S. Saunders, W. J. Riley, D. McGillis and W. Fuller. Interment was made in the Royal Oak Burial Park.

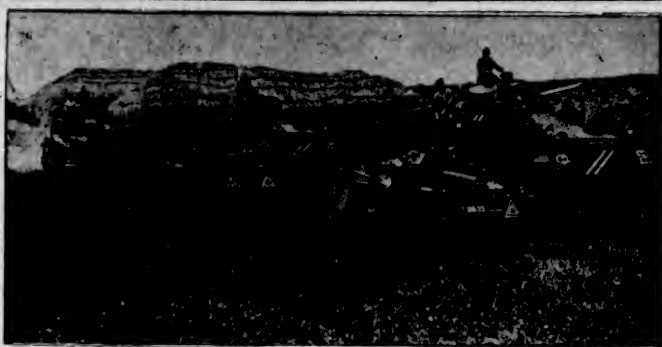

LAI D TO REST
The funeral was conducted on Tuesday afternoon for Wilhelmina Buchanan Cameron, whose death occurred on September 9. The service was attended by a few intimate friends and conducted by Rev. A. M. Acheson-Lyle. Interment was made at Royal Oak Burial Park, the following acting pallbearers: S. J. D. Clark, H. R. D. Hemming, Thomas Gibbons and T. Wakeman.

THE FUNERAL OF MRS. SARAH GOLD-SMITH, who passed away on September 10, was held yesterday afternoon in the presence of her relatives and many friends. The Rev. O. L. J. officiated at the service. The remains were laid to rest in Royal Oak Burial Park, with the following acting as pallbearers: R. Mackie, T. Whitley, F. Sparks, R. Sergeant, H. McKay and G. Axtell.

SEINER SEIZURE CASE APPEALED

Owners of American Salmon Boat St. Patrick Seek Possession of Craft

The American salmon seiner St. Patrick, seized by Dominion authorities on August 30, 1931, for alleged illegal fishing in Canadian waters and now in custody at New Westminster, is again before British Columbia courts, this time on an appeal from conviction and order of confiscation of Magistrate George Jay delivered after a court hearing on June 17 of this year.

The appeal is scheduled for hearing before Judge Peter S. Lampman in County Court here at 11 o'clock this morning, with H. W. Moore appearing for the Crown, and Stuart Henderson as counsel for John Sumich, master of the ship.

SHIP RELEASED
The St. Patrick was taken into custody by officers of the customs patrol vessel Givens off Discovery Island on August 30, 1931, and was tried before Mr. Justice Archer Martin in Admiralty Court here.

The charge against the vessel was laid under Section 10 of the Customs and Fisheries Protection Act. In dismissing the charge against the ship, Mr. Justice Martin held that the Crown had failed to establish with sufficient precision and conclusiveness the two questions of law and fact which were the main questions to be considered by the court; one concerning the meaning of "inland waters of Canada" as defined in the act, and the question of fact as to whether the vessel was within three marine miles of the coast of Canada when seized. On these grounds the ship was released from custody.

SECOND CHARGE
Captain Sumich did not immediately take charge of the St. Patrick after she had been released from custody and consequently a second charge was laid against the vessel and her master. This time the charge was laid under the Fisheries Act, it is understood. Stuart Henderson is acting for Captain Sumich in the appeal.

KODAK MAGNATE HAD BIG ESTATE
George Eastman's Will Requests \$19,000,000 to University of Rochester

ROCHESTER, N.Y., Sept. 13.—An estate of \$25,361,641.60, or approximately \$5,000,000 more than the estimates at the time of his death, was left by George Eastman, the Kodak magnate, according to the transfer tax affidavit filed today. Of the total estate \$8,319,553.92 was in cash, the affidavit showed. Eastman committed suicide by shooting himself at his home, here last March 14. He was seventy-seven.

The value of exempt bequest is \$23,790,581.46. The University of Rochester is the residuary legatee and benefits from Mr. Eastman's will in the sum of \$19,287,143.28. The second largest beneficiary is the Rochester Dental Dispensary, which receives \$1,028,483.16. Eastman carried only \$16,951 in life insurance.

Mrs. Alice K. Hutchinson, for years secretary to the philanthropist, was left \$100,573.

TURRET HANDWRITING CONTEST

\$100.00 in Cash

EVERY DAY - EVERY WEEK!

Up to Midnight, September 30

With the summer gone and the most popular season for motoring drawing to a close, Turret Cigarette smokers are showing marked enthusiasm for the \$100-a-day prizes which, as announced a week ago, replace the car-a-week prize given earlier in this contest.

Winter is only around the corner, clothing and fuel are needed and then Christmas is coming, with presents to be bought.

\$100 a Day - \$600 a Week!
You have six chances to win each week... a new contest every day! Think of it... a \$100 cash prize to be awarded by the judges daily, for each day's entries are judged separately. Enter as many of these daily contests as you like—you can't tell which day will be your lucky day. Entries received after midnight will be automatically entered in the contest for the following day.

NOTE
The only condition of entry in this contest is that you write the following on the backs of 4 front panels from empty Turret Cigarette (20's) packages with portion of excise stamp attached—on the back of one panel, your name; on the back of another, your occupation; on a third, your street and town; and on the fourth, your province. Fasten the four panels together and mail to

WAILINGS TO A CAPRICE OF APPROACHING OLD AGE

Wrinkles have come! The scars of Age! False teeth and spectacles are just another page Of vicious script, whose cipherings of mould Rejoice in muttering, "Aha, you're getting old!" Ear whippers, also, connive to rub it in That I'm an "also-ran"; while terrace throat and chin And paunch that oscillate, do brazenly proclaim My leprous decadence, and reddish me with shame! Such is digestible! But why do time, I beg, Cartoon my cranium to semblance of an egg— A hairless masterpiece—yet authorize my chest To sport a jungle growth, where pelicans might nest?

Word of the death of Mrs. William Harper, of Oakland, formerly of Victoria, was received in the city yesterday, and many of her local friends will regret to hear of her demise.

Mrs. Harper was the widow of William Harper, who for a number of years was employed on the mechanical staff of The Colonist, and before that served on The Hamilton Spectator when former Lieutenant-Governor Walter G. Nichol was employed on the editorial staff.

During her residence here, Mrs. Harper became widely known in social circles. She is survived by one daughter, Mrs. Edna Millington Simpson, and one son, Fred Harper, both of California, and two grandsons.

Boy Is Electrocuted On High-Tension Wire

WINNIPEG, Sept. 13.—Peter Kuska, fourteen, was electrocuted last night when he climbed the girder of a bridge and clutched a high-tension wire. A companion was saved from a similar death by the quick thinking of a nearby service station operator, who shouted to him as he was starting up the girder after Peter.

HONOR GIVEN BURNS CLUB

Has Distinction of Being Largest in World, Federation Announces

The Victoria Burns Club has the distinction of being the largest of its kind in the world, it was announced at last night's meeting of the organization held in the Chamber of Commerce auditorium, when Mr. Justice M. A. MacDonald spoke on "Sir Walter Scott, the Novelist."

John Hogg, president of the club, said that he had received word from the federation of clubs in Scotland that Victoria, which held second place last year, had this year succeeded to the honor of being the largest Burns Club in the world. His announcement was greeted with prolonged applause.

MADE LIFE MEMBER
Prior to the address given by Lordship a framed parchment conferring life membership upon John R. McKay was presented to the member, who has been active in the club since its inception.

Equanimity and the decision and subduer, respectively, were Rev. Father Gaudette and Rev. Father Colleton, both of the Cathedral staff.

Among those present in the sanctuary during the service were Rev. Rev. Gerald Murray, Bishop of Victoria, Rev. Father Buckley, rector of Our Lady of Lourdes parish, and Rev. Father Sobry, rector of St. Joseph's Hospital.

A specially augmented choir, under the direction of Arthur Gordon, sang the mass, Frank Sehl giving much assistance in this part of the service. Among the congregation was a big delegation from the Order of the Sisters of St. Ann, with which order Mr. Nicolay had associations in the pioneer days of the city as well as throughout his long connection with the church on Vancouver Island.

Artists who contributed to last night's programme were Mrs. W. H. Wilson, Miss Jessie Smith, Mrs. Pith, W. H. Fyfe and James Petrie.

NEW COMPANY OF UNIT ORGANIZED

Headquarters Branch of 2nd Battalion Canadian Trenchers to Start Training.

Organization of the first headquarters company of the Second Battalion Canadian Trenchers, which commenced at the Armory last night, when details concerning the units of the company and their instructors were issued.

The company will consist of machine gunners, signifiers, stretcher bearers, the pipe band and the drummers, and each unit will be in charge of competent instructors. Training will commence next Tuesday.

Captain D. J. Proudfoot, an ex-staff course at Camberly, will assist in the training of the machine gunners, while Captain George Brown will be in charge of the stretcher bearers. Captain Brown saw service in the South African

TOOK STRENGTH OF COSMIC RAY

Scientist Homeward-Bound With Records of Investigations Made in East

WINNIPEG, Sept. 13.—Back from Cornwall Lake, Northern Manitoba, where he has conducted a three-day aerial observation of the cosmic ray, Dr. Robert Millikan, noted physicist, arrived here Saturday afternoon.

He brought with him delicate instruments that registered the strength of the cosmic ray four miles above the surface of the earth. Locked in a long wooden box, delicate instruments contain the secret of one of the most baffling investigations of scientists of the world have ever undertaken.

Tucked inside is a roll of film which, when compared to other rolls of film taken at Marchfield, Cal., will tell the scientific world whether the cosmic ray is affected by the earth's magnetic pole.

Dr. Millikan was accompanied by his assistant, Professor Victor Meher, of the California Institute of Technology, who has assisted him with experiments at Cornwall Lake. The journey from the lake to the Pas was made by gas car.

An old stone quarry along the Hudson Bay Railway line caught his eye on the journey in. A halt was made and both spent nearly an hour examining various stones. They showed deep interest and brought several samples away with them.

Dr. Millikan leaves today for Pike's Peak, in the United States, where his work will assume a new angle, in that free balloons will take the instruments up into the air instead of airplanes.

CITY EMPLOYEES TO BE RETIRED

Calgary Fire Chief to Bring Forty-Eight Years' Service to Close on March 31 Next

CALGARY, Sept. 13 (CP).—Drastic reductions in civic government have been approved by Calgary City Council. Five employees will be pensioned or retired, and a number of city services will be reduced to a minimum as a result of the economy campaign.

The city hopes to save \$84,000 by this step, recommended in the city commissioner's report on financial conditions.

The city decided to pension all employees over the age limit. One of Calgary's most picturesque figures, Fire Chief James "Cappy" Smart, will lose his post under the council's ruling. He will be retired under the age limit on March 31 next, when he will have completed forty-eight years' service in the fire department, thirty-seven of them as chief.

REQUIEM MASS IS CELEBRATED

Big Congregation at St. Andrew's Pays Tribute to Pioneer Priest

St. Andrew's Cathedral was filled yesterday morning, at 8 o'clock, when solemn high mass was sung for the late Rt. Rev. Joseph Nicolay, for many years an eminent member of the Catholic community here, who passed away recently, in Holland, at a great age.

The celebrant was Rev. Father Anselm Wood, pastor of Our Lady of the Queen of Peace Church, Esquimalt, and the deacon and subdeacon, respectively, were Rev. Father Gaudette and Rev. Father Colleton, both of the Cathedral staff.

Among those present in the sanctuary during the service were Rev. Rev. Gerald Murray, Bishop of Victoria, Rev. Father Buckley, rector of Our Lady of Lourdes parish, and Rev. Father Sobry, rector of St. Joseph's Hospital.

A specially augmented choir, under the direction of Arthur Gordon, sang the mass, Frank Sehl giving much assistance in this part of the service. ROBERT FRIDMORE DIES

The death occurred on Tuesday morning, at the family residence, Burrill Road, of Robert Frider (Bobby) Frider, aged eleven years, son of Mr. and Mrs. William R. Frider. He was a native son.

There survive his parents, two brothers and one sister, at home; also two grandfathers, P. Bugalis, of Colwood, and William Frider, of Burrill Road, and other relatives here. The funeral will take place on Thursday afternoon, at 2 o'clock, from McCall Bros' Funeral Home. Rev. P. Conley will conduct the service, after which interment will be made in Royal Oak Burial Park.

FUNERAL SERVICE
A large number of friends were present on Tuesday afternoon when Rev. A. deB. Owen conducted the funeral service for Mary Elizabeth Munro. Mr. Owen paid well-deserved tribute to the life of Mrs. Munro, and to the kindness and fine sympathy which had won for her such a host of friends. Interment was made in the family plot at Royal Oak Burial Park. The following acting as pallbearers: Fred Smith, J. E. Painter, Jr., J. K. Angus, R. C. Lowe, F. L. Smith and George Patton.

Crowd Enthralled With Romantic Life of Scott

Mr. Justice M. A. Macdonald Gives Eloquent Address in Commemoration of Centenary of Novelist's Death—More Than 500 Hear Speech

More than 500 persons sat enthralled for more than an hour last night while Mr. Justice M. A. Macdonald spun a web of romance about the life of Sir Walter Scott, Scotland's famous novelist, whose centenary will be observed on September 21.

An address by His Lordship has become an outstanding event that should not be missed by Victorians and last night's eulogy on the author who inspired the whole of Europe for nearly half a century was no exception. Those who attended the meeting in the Chamber of Commerce auditorium were appreciative of the speaker's effort and evinced their enthusiasm for the treatment of the subject by prolonged applause, not only at the close of the address, but twice during the course of His Lordship's remarks.

Eloquent Speaker

Choosing language as volubly and melodious as the writer about whom he was speaking, Mr. Justice Macdonald painted a panoramic picture of the imaginative scope of Sir Walter Scott's works.

His Lordship several months ago dealt with Sir Walter Scott as a poet and last night he explained that the novelist was too modest a man to continue his poetical works. Lord Byron's sun rose above the horizon. Scott's career as a novelist began when his career as a poet ended, the speaker said, explaining that the novelist felt himself unable to match the standard set by Lord Byron.

LITERARY SHRINE

There were contemporary writers who criticized Sir Walter Scott for commercializing his art, but these men later retraced their early criticism. Scott's desire for wealth was a reasonable one, His Lordship explained. He wished to ensure those dreams of prosperity of the past in a romance of his own that might be carried forward to posterity. Thus it was that he established Abbotsford and maintained a baronetcy which today stands as a shrine to one of the most prolific and beautiful writers of fiction in the history of the world.

When Scott abandoned poetry he started a line of books that made him the father of romantic novels that dominated Europe for half a century, the speaker said. He cast a glamour of strange blueprints and beauty over everything he touched and cast a spell over the untamed, rugged country which he loved so much. He wrote with great rapidity, with glad animal energy. He wrote more in ten years than Dickens did in twenty. His Lordship declared.

BALANCED PROSE

"Where will one find such well balanced prose and diction as is contained in his books. Yet he scarcely ever read them for his publishers. All came hot from an anvil that was never allowed to cool.

There is beauty and harmony in well chosen words and I am willing to match his sentences with any other author." His Lordship stated. Scott wrote to earn money to invest in the castle of his dreams. City & District

Port Angeles Visit—Members of the local Kiwanis Club will visit Port Angeles today. They will go over on the ferry and have lunch at noon with the club in Port Angeles.

To Attend Meeting—The Kiwanis Club will be represented at the meeting of the Friendly Help Society on Thursday evening, September 22, by Dr. William Russell. The meeting has been called for the purpose of discussing the "man a block" plan which is in view in connection with the unemployment work this coming winter.

Will Resume Meetings—The South Saanich Farmers' Institute will resume its monthly meetings tomorrow night at 8 o'clock, when E. White and T. Black will address a meeting in the Temperance Hall. Prizes for loganberry, strawberry and foliage competitions will be presented. W. D. Mitchell will preside.

Annual Meeting—The annual meeting of the Mount View High School Parent-Teacher Association will be held in the new high school, Carey Road, tomorrow night at 8 o'clock. President E. H. Fisher will be in the chair. The annual report will be presented and the election of officers will take place. A full attendance of parents and teachers is expected.

Trade Inquiries—Canned and frozen salmon for Amsterdam; canned vegetables, meats, fish and milk for South Africa, and many other specific requests as to British Columbia goods are contained in the Department of Trade and Commerce to the Provincial Information Bureau. Particulars may be had on application to the bureau.

Returns Here on Visit—R. Hardman, superintendent of the waterworks in New Westminster, is in the city accompanied by Mrs. Hardman. They are guests at the Dominion Hotel. Mr. Hardman recalls that it was just forty-nine years ago last July since he first came to Victoria, accompanying his father. He has been visiting the Capital periodically since then.

Egg Prices Increase—Potatoes are cheaper, tomatoes are cheaper, but eggs are soaring higher, says the retailer as he goes about his business. During the last four days egg prices, due chiefly to the fact that the slump caused so many poultrymen to kill their hens, have increased nearly 6 cents, and extras, which last Saturday were retailing at 34 cents a dozen, are now selling for 40 cents per dozen.

Expects Another Moderate Winter

WASHINGTON, Sept. 13 (AP).—Unless there is an unprecedented sharp drop in temperature, the weather man believed another moderate winter is in store.

That is the normal expectancy, Joseph M. Kinger, chief of the agricultural meteorology division of the Weather Bureau, said today, as a result of the upward swing in the thermometer beginning in 1926.

BUSINESS MEN

ARE CONFIDENT

Canadian Chamber of Commerce in More Optimistic Mood

HALIFAX, Sept. 12 (CP).—A mood of restrained optimism as regards the future of Canadian and international business, and a concerted demand for reductions in the cost of Government were crystallized in today's opening sessions of the Canadian Chamber of Commerce annual convention.

Business men heard Colonel W. L. McGregor, of Windsor, Ont., president of the chamber, voice the conviction that "Canada is on the threshold of the upswing," but were warned against too great ebullience. He declared that there are enormous readjustments to be made the world over in Government finance.

They heard A. O. Dawson, chairman of the executive committee, express the view that the Dominion's present need was a reduction in taxation. In the afternoon they joined to discuss facts and figures bearing on the costs of Government.

R. E. Thorne, vice-chairman of the Foreign Trade Bureau, held successful salesmanship in the foreign market depended on diplomacy and common sense. "You cannot sit at a desk in Montreal or Toronto and sell your goods successfully in China," he said. "One must visit the overseas markets in order to understand the requirements of those markets."

QUOTES FIGURES

W. Sanford Evans, of Winnipeg, chairman of the research committee, guiding the chamber's investigation into the expenditures of Government, put before the delegates a number of graphs. One showed that "ordinary" governmental expenditures had increased from \$19.08 per capita in 1904 to \$36.72 in 1928, and \$38.83 in 1931. This included Dominion, Provincial and municipal spending.

"The present looseness of thinking in Canada, particularly in provincial and municipal financing, is a serious danger," he said. "Certain expenditures are more or less arbitrary, or even capriciously, called ordinary expenditures, and if revenue can be made to cover these, the merit of a balanced budget is claimed, and then what amounts to a second budget is introduced, with all other expenditures which are to be met by borrowing."

YAKIMA, Wash., Sept. 13.—A surveyor was called to prove Jack Crawford's right to run for the Washington State Senate.

Observers said he was running in the wrong one of two districts recently formed under reapportionment. The county engineer found the line ran through Crawford's property and he could run in either district.

BRACKEN PROMISES FULL INVESTIGATION

WINNIPEG, Sept. 13 (CP).—Appointment of a board of inquiry with full powers to make complete and searching investigation into all matters affecting the University of Manitoba, whose endowment funds have been depleted, will be made by the Government in the near future. Premier John Bracken announced after a lengthy Cabinet meeting today.

Youth Quickly Vanishes As a Result of Constipation Eating Fresh Yeast Brings Health!

Danger! You can't expect health to last if you continue to neglect constipation!

Here's typical case. Note wastes clogging the intestines. Poisons that result cause headaches, aches, loss of energy, etc. . . . and hasten old age, doctors explain!

Health! That's your reward when you keep intestines clean the simple fresh yeast way!

Intestinal FATIGUE is SERIOUS, doctors say!

WHAT would you say if your doctor told you that you were doomed to old age at forty? That at fifty you would suffer high blood pressure and hardening of the arteries . . . that your health would be virtually gone?

You wouldn't believe him. You'd say it was fantastic, impossible.

Yet that is exactly what physicians are warning today . . . yes, actually predicting for those who neglect Intestinal Fatigue!

What is the best way to get rid of constipation . . . and the headaches, backaches, digestive troubles and loss of vigor to which this evil almost invariably leads?

Doctors say, emphatically, not by means of drugs and medicines—harsh laxatives, strong cathartics, habit-forming pills.

The day of such crude measures is past. And in their place famous physicians today are recommending a simpler, much more sensible method—the regular, daily eating of fresh yeast!

A food, Fleischmann's fresh Yeast has certain remarkable properties no other single food possesses. In particular, it has the power to stimulate the delicate muscles of the stomach and intestinal tract.

Thus the organs that digest your food are gently "toned up"—strengthened. Intestines function normally. Poison-breeding food wastes that clogged your system are softened and harmlessly, easily cleared away!

Doesn't it sound simple? It is. No dangerous "dosing." No arduous diets. Just a natural addition to your regular food regime!

Not a "Cure-all". Fleischmann's Yeast is a health food thousands eat —3 cakes a day

Mainland Lodges at Gathering

The banquet in the K. of C. Hall on Monday evening, which was attended by seventy-five members of the Women of the Moose, was given by Victoria Chapter, No. 25, in honor of their guests, who consisted of a large delegation from the Nanaimo Chapter, No. 197; District Deputy Grand Recorder Dean of British Columbia, and also representing Vancouver Chapter, No. 130; Mrs. P. Croel, of Seattle Chapter, No. 48.

The tables, which were artistically decorated with flowers of white, red and purple, made a striking contrast to the background of flowers in which the hall was decorated. At the officers' table, Mrs. Dean, Mrs. Plummer, Mrs. Muir and Senior Regent A. Hatcher, of Nanaimo, were seated. The toast to the King was proposed by Senior Regent A. Hatcher. Mrs. Elmore gave the toast to the visitors, Mrs. M. Robinson responding.

BUSINESS MEETING

The tables were cleared for the meeting, which was held at 8 o'clock. Senior Regent A. Hatcher presiding. The general routine of business was carried through and two candidates initiated, Mrs. Sparks for reinstatement and Miss V. Good, will to become a member. The drill team, under the leadership of Captain Lumley, gave a demonstration of all degree work, which was enjoyed by all. All members and committees were thanked for the splendid co-operation and help for the banquet.

Mrs. Dean, who is prominent in the work of the Canadian chapters of the Women of the Moose, also a member of the Order of the Royal Purple, gave an interesting talk on the work of the Women of the Moose. Mrs. P. Croel, of Seattle, also of the Seattle Chapter, No. 48, also

thanked the chapter for the lovely time and extended the regrets of District Deputy Grand Recorder Kellie, of Washington, for not being able to attend. Senior Regent Plummer, of Nanaimo, also thanked the chapter on behalf of Nanaimo, and presented Senior Regent A. Hatcher with a lovely bouquet of flowers and a small gift as a token of their appreciation. Mrs. Dean also being presented with a gift from Nanaimo. Mrs. Muir and Mrs. Clarkson also gave short speeches.

SERVICE HELD

At the 8 o'clock service, which was attended by the Maple Leaf Legion, No. 53, Mrs. Muir, of Nanaimo Chapter, presented "Mooseheart," which was arranged to hold a whist drive on the next meeting night, which will be September 26.

At the finish of business the brother eggnoggers were invited into the chapter-room, and Mrs. Muir sang a few selections. Short talks were made by various brothers and sisters. The service was given by Prince Rupert lodge, who was a visitor to the meeting.

On the closing of the meeting, three cheers were given for Nanaimo, Vancouver, Seattle and Victoria. It will be remembered for many days, as it is seldom that during a small gathering representatives of four lodges are present, those being: District Deputy Grand Recorder Dean of British Columbia and Vancouver, Senior Regent Plummer and legions of Nanaimo, Mrs. P. Croel, of Seattle, and Bro. Scadden, of Prince Rupert.

J. Laver Elected

President of St. John's A.Y.P.A.

A most successful and enjoyable meeting opened the 1932-33 A.Y.P.A. season at St. John's. After a brief business session, when Mr. J. Hopper was elected Local Council representative together with the president, Rev. Canon Chadwick installed the new executive, which is as follows: President, John Laver; first vice-president, Kathleen Smith; second vice-president, John Hopper; and secretary, Mrs. J. Hopper.

A most pleasant duty was then performed by Canon Chadwick, who presented Miss Clarenda Jeeves, who for the past three seasons has been president of St. John's and whose untiring work and patience have contributed much to the success of this branch, with a past president's badge. Mr. S. C. Hawkins, Dominion vice-president, and Mr. J. Hopper, local vice-president, also received a past president's badge. The recipients replied, thanking the members for the most unexpected yet greatly appreciated rewards they had received. Miss Betty Martin, Miss Isabelle Dallan and Mr. Jack Aylwin, president of the Local Council, were guests of the evening. Mr. Aylwin spoke a few words of praise to St. John's and the new executive, and expressed a desire that they continue the good work. Games, under the direction of Mr. Beustou and Jack Vevey, followed by refreshments at concluded the first meeting of the new season.

METROPOLITAN YOUNG PEOPLE OPEN SEASON AT ANNUAL MEETING
A large group of young people assembled for the opening meeting of Metropolitan Young People's 1932-33 season in Metropolitan Church schoolroom on Monday evening. A number of innovations were adopted for the new season, and the following officers were elected for the coming year: President, Donald McClellan; vice-president, Miss Marjorie Lally; secretary, Miss E. Hudson; treasurer, Gordon Fetherly; and editor-in-chief of the young people's paper, Herbert Simpson. Rev. E. F. Church welcomed the new officers into their work.

Special announcement was made of the Metropolitan Young People's rally to be held in the schoolroom on Sunday at 4 p.m., when the programme will consist of community singing, musical items under the direction of Frank Tupman and Edward Parsons, an address by Rev. E. F. Church and a tea provided by the Chummy Club.

At 7:30 o'clock a young people's service will be held in the church auditorium, with the young people taking part in the service. Mr. Church will preach on "The Man Who Broke Out of Prison."

St. Andrew's Guild Plans Programme
The opening meeting of the session of the Women's Guild of St. Andrew's Presbyterian Church was held in the lecture-room of the church on Monday afternoon. Mrs. Pearce, the president, occupied the chair and opened the meeting by leading in devotional exercises. Mrs. Lattrell delivered a welcome and inspiring address to the members. The secretary and treasurer's reports were submitted and approved.

The visiting ladies, Mesdames Boyd, Gibson and Nichol, gave reports of many visits paid and flowers distributed to sick friends. A progressive programme was arranged, consisting of a talent tea to be held at the home of Mrs. Gibson, Hampshire Road, on September 23; a jam and fruit shower for the benefit of the Children's Aid in the Church Hall on October 3; a rummage sale to be held in the Church Hall on November 5, and a special talent tea to be held in the Church Hall on November 19. The guild ladies will be grateful for the co-operation of friends in making all these functions a success, financially and otherwise.

A delightful tea was served by Mrs. Lattrell and Miss MacDonald after the meeting.

CAPITOL John Hays Hammond, theatre world's greatest living living engineer, on a visit to the set of "The Mouthpiece," the Warner Bros. picture featuring Warren William, which closes today at the Capitol Theatre, commended the player for having given up the engineering career he began before the war. William had studied engineering and gone to France in the Engineering Division.

ROMANO When it comes to being theatre the menace, there is no one who can strike more terror to a feminine heart than Mathew Betz. In "The Single Sin," the Romano Theatre, he is the meanest, lowest type of human rat, for he blackmails a woman—not for money, but for the sole pleasure of torturing her and wrecking her happiness.

Playhouse Theatre, has a double-barrelled romance running through the story. Side by side with the man the woman, and the love of a young couple which withstood all trials and triumphed in the end, is the romance of a still younger pair of lovers, whose happiness depends upon the same set of circumstances.

EMPIRE All of the daring stunts theatre in "Sky Devils," the Howard Hughes comedy sensation at the Empire Theatre, were filmed without using "doubles" for the three principals, Spencer Tracy, William Boyd and George Cooper. All three actors were members of the air forces overseas during the war, and personally performed all the stunts in which they appeared on the screen.

DOMINION After having played theatre in support of the great and near-great for nearly a quarter of a century on stage and screen, it would appear that make-believe drama would hold no more thrills for Maude Eburne, character actress. Yet the greatest thrill of her career, according to her own admission, was when she was signed to play Janet Gaynor's mother in "The First Year." Fox romance co-starring Janet and Charles Farrell, which is now showing at the Dominion Theatre.

COLUMBIA Charles Bickford, theatre playing Olan Hawkins in Cecil B. DeMille's "The Squaw Man," now at the Columbia Theatre, is no stranger to this famous role. He played it twice in stock, in Boston and in Lynn, Mass. In Lynn, when he fell after being killed, he kicked off a protecting mat and broke his nose.

In Leading Role

If Elsie Randolph, who plays a leading part in the British production, "Life Goes On," coming to the Empire Theatre Saturday, ever decides to forsake her career as a West End actress, she could probably adapt herself to any vocation very quickly.

That Body of Yours

By James W. Barton, M.D.

NEW TREATMENT FOR VARICOSE ULCER

One of the distressing ailments familiar to physicians some years ago, was the large number of cases of varicose ulcer on the leg. These patients had a very miserable time of it. After remaining in bed for a long period the ulcer would heal, only to break out again a short time after getting on their feet.

Some times an operation gave good results; at other times nothing but complete rest in bed was of any help. I have spoken before of the excellent results obtained by the use of chloride of lime (not the commercial kind used as a disinfectant) at St. Michael's Hospital, Toronto.

In a series of cases where the chloride of lime, or calcium chloride as it is called, was given to make the blood coagulate more rapidly, those with varicose ulcers found their ulcers healed or healing. Further use of the lime brought about a complete cure.

Recently what is called the rubber sponge treatment for varicose ulcers has been used in different parts of the world. Dr. L. Biancalana, Italy, reports very favorable results with this new treatment. The ulcer is first cleaned thoroughly. A slight cauterization (burning or destroying the tissues) is done with a silver nitrate solution. A thin layer of zinc ointment is then applied and the ulcer is covered with gauze. The rubber sponge is held in place by a bandage that has a number of layers of gauze with a semi-elastic band which is wrapped about the whole leg up to the knee.

The patient with this bandage can continue to follow his occupation; in fact he should walk a great deal, to make the leg muscles work, or contract, thus helping the circulation of the blood in the leg. The patient may feel some discomfort, which will disappear on walking about.

This certainly is a great advance over the old methods of treating varicose ulcers. Dr. Biancalana points out that this treatment is not suitable when the veins are inflamed, or when the patient is confined to bed.

V.O.N. Nurses Have Very Busy Month

The Victorian Order of Nurses during August nursed 184 patients, made a total of 1,018 visits. This was reported by the head nurse, Miss Thornley, at the meeting of the board held yesterday at the headquarters, 420 Cook Street. An outstanding event during the month was the call made upon Her Excellency, Lady Bessborough, at Government House, where Miss Thornley and four members of the board, Mrs. F. V. Longstaff, Miss Oldfield, Mrs. G. Christie and Mrs. J. Bessborough, were received by Her Excellency, who showed deep interest in the work done in Greater Victoria by the V.O.N.

The analysis of the statistics for August showed the following figures: One hundred and nineteen medical cases, ten communicable diseases, thirty-six prenatal, ten postnatal, 549 bedside nursing visits, seventy-nine prenatal visits, fourteen pneumonia, thirty-seven tuberculosis, thirty-eight cancer and sixty-six chronic.

Eight clinics were held, 138 child welfare cases attended and 299 in-patient visits, including fifty-three follow-up tubercular instructive visits.

So accustomed are we to this rather inelegant expression for "keep silent" that we do not stop to regard it as the metaphor which it is.

If it is vulgar to use this phrase for keeping quiet, it is in any case ill-honoured vulgarly. King Alfred used it, and its origin has mistakenly been attributed to him.

The fact is that it goes back further than King Alfred, and its origin is not English, its first recorded use being by Plutarch, the Greek biographer, who lived from 46 to 120 A.D. In his "Rules for the Preservation of Health," Plutarch wrote:

"Remember what Simonides said, that he never repented that he had held his tongue, but often that he had spoken."

What Today Means

"VIBRO"

If September 14 is your birthday, the best hours for you on this date are from 9 a.m. to 10:45 a.m., from 2 p.m. to 4 p.m. and from 8 p.m. to 10 p.m. The danger periods are from 11 a.m. to 12:30 p.m. and from 4:45 p.m. to 6:40 p.m.

The stellar configurations of September 14 do not hold much hope of a successful day, although there are no signs of irremediable disaster. Nothing out of the ordinary should be expected; safety lies in routine. The signs are distinctly unfavorable for speculation; rather do they count the cutting of losses. Health conditions need careful watching.

Store Hours: Wednesday, 9 A.M. to 1 P.M. Phone E 7111

A child born on this September 14 will be more than usually inquisitive and will refuse to be put off with foolish inadequacies. It will always be a seeker after knowledge, and will acquire a vast store of information, which, aided by a retention memory and industrious habits, will enable it, later on in life, to secure its place in the sun.

If you, born on September 14, are guided, in both speech and action too much by your emotions, and too little by hard facts and logic, you allow your feelings to run away, ahead of your judgment, and, as a natural result, frequently find yourself in a tight corner. Your impulses, however, are good, and though they do your heart credit, they cause you many a headache. Your keen sympathies are easily aroused by any sob story, and your

interest is awakened by any hard luck tale. Although intelligent and painstaking, you, in your duties, often drop the substance and pursue the shadow. You are the victim of day-dreams, and, on many occasions, with an honest desire to better your condition, throw away dirty water before you have an ample supply of clean on hand. You are too fond of change and can never stay "put." You distribute your efforts among a variety of interests, instead of concentrating on one. You generalize whereas you should specialize.

In the home, you are always willing to help, in season and out of season. This means that you are imposed upon by those who are not ashamed to take advantage of your unselfishness, and these are in the majority. A selfish life is never a happy one; on the other hand, exaggerated kindness and permanent self-sacrificing service breeds in others a spirit of helplessness and dependence. You should seek the happy medium.

HAS AUDIENCE WITH POPE
VATICAN CITY, Sept. 13 (CP).—Mgr. Emilio Bucci, Apostolic Vicar of the Yukon and Prince Rupert's Land, was granted a private audience today with the Pope.

"This room is a long way from the ground," said the visitor. "I hope there are proper arrangements in case of fire?" "Oh, yes, sir," said the porter, "this hotel is insured for twice what it's worth."

Portland Boy Appears in Top Shape for Bout With Leo Lomski at Pacific Stadium Tomorrow—Earl Beebe to Meet Pat O'Hannigan

Looking in the pink of condition and eager to get into the ring for another shot at Lomski, Denny Lenhart arrived here yesterday afternoon from Portland and worked out last night at the Pacific Stadium for his ten-round bout against Leo Lomski, of Aberdeen, tomorrow night at 8:30 o'clock. Lenhart will complete his training at the stadium tonight, when he goes through his paces at 8 o'clock.

Promoter "Winnipeg" Chilton completed his opening card yesterday. It follows:

Ten-round main event: Leo Lomski (185), Aberdeen, vs. Denny Lenhart (180), Portland.

Six-round semi-main event: Albie Davies (148), Victoria, vs. Indian Jack Grimm (150), Klamath Reserve.

Eight-round special: "Wild Man" Pat O'Hannigan (170), Los Angeles, vs. Earl Beebe (171), Yakima.

Four-round curtain-raiser: Eddie Newman (130), Vancouver, vs. Clair Godfrey (130), Los Angeles.

REFEREES NAMED

Billy Davies will referee all bouts, with the exception of the semi-main event, which will be handled by Frank Roblin, manager of Lenhart. A large number of fight fans will be present at the bout.

Tomorrow night's bout will see young Lenhart striving to reverse a decision in Portland recently. In this bout Lenhart floored Lomski five times and appeared to have won the decision, according to sport writers, but the referee and judges gave the call to the Aberdeen boy.

The first time the pair met, the match was declared a draw. Lenhart has an enviable ring record. He holds a decision over Jimmy Hanahan and knocked out George Gild-strap, who defeated Lomski.

MET DEMPSEY FIVE TIMES

Lenhart was the only Jack Dempsey was unable to stop during his tour of the Pacific Northwest recently. Lenhart met Dempsey in five different clubs, and stayed the four-round limit each time with the "Manassa Mauler."

The Portland boy, although only twenty-six, held the United States Navy light-heavyweight championship three times. From here Lenhart will move for Detroit, where he has three matches billed, one with Charlie Belanger, Canadian light-heavy champion.

Lofski will not arrive until tonight and will be too late to work out. He is in top condition and anxious for another mix with Lenhart. From here Lomski will proceed direct to Edmonton, where he will meet Frank Sawyer, flashy Vancouver boy, over ten rounds. After that, Lomski will go to Cleveland, where he will fight Johnny Risko during the last week in October.

PROMISING BOY

The special event between O'Hannigan and Beebe should provide plenty of action. O'Hannigan is rated one of the best prospects on the coast and is only twenty-two years of age. He has been a sensational ring career has been a sensational one, and Manager Roblin figures he has a coming champ.

Beebe has been fighting in the Northwest for some time and is reported to be fast and clever and willing to mix.

In addition to Lenhart, Albie and Jumbo Davies, Eddie Newman, "Wild Man" O'Hannigan and Beebe are expected to work out tonight. There is no charge to watch the boys in training.

COAST ICE LEAGUE MAY BE REVIVED

Four Teams May Compose Loop This Season—Tacoma May Join

VANCOUVER, Sept. 13 (CP).—While no announcement is expected for at least a week, it was learned on good authority here today that Pacific Coast hockey moguls are seriously considering reviving professional ice hockey on the coast this season.

Vancouver, Seattle and Portland, members of the defunct Pacific Coast Hockey League, are mentioned as cities in which teams would be placed if the ice game came back. There is also the possibility that Tacoma would be admitted, provided playing facilities there were satisfactory.

It is presumed the executive personnel of the proposed league would consist of hockey leaders who were active in the organization which disbanded at the end of the 1930-31 season. Frank Patrick was president of the former Coast organization while Guy Patrick was manager of the Vancouver club.

Professional hockey operated for years as a major circuit on the coast, but with the growth of the National League in the East the Coast clubs found themselves unable to compete with the high salary offers of the Eastern association and disbanded in 1926.

The game came back when the Pacific Coast League was formed in 1926, but after three years of operation it disbanded.

TAIYOS STAY IN FIGHT FOR BALL PENNANT

Japanese Club Squeezes Through to 5-4 Win in Twilight Loop

Taiyos, Japanese ball nine, stayed right in the fight for the Twilight Baseball League championship and the Humphries Cup by defeating the Eagles, 5-4, in a six-inning tussle at the Royal Athletic Park last night. The fifth game of the series will be played tomorrow night at 5:30 o'clock. Victory for the birdsmen will give them the title, while defeat will mean another game.

Playing a much improved brand of ball from that displayed Sunday, the Japanese were full value for their win. They battled against three Eagles' hurlers—the complete hurling staff—and came through with a sweet victory.

THREE PITCHERS USED

Joe Emery went to the hillcock first for the Eagles' out M. Lohida's triple in the fifth inning, with one down, was Emery's signal to vacate the mound. "Lefty" Marsh was rushed to the rescue, but his stay was short. Wild as a March hare, Marsh allowed Lohida to score from third on a wild pitch, and walked the only two batters that faced him.

Manager Pynn, of the birdsmen, brought the hook into action again and yanked Marsh in favor of Carr, who took the mound with men on first and second.

M. Kuwabara, the first man to face Carr, grounded out to first. A Kuwabara was given a life when Youson dropped his fly at deep left field, and Y. Ishida raced across the plate, Nakano going to third. M. Ashikawa singled, scoring Nakano and sending A. Kuwabara to third. The latter player scored on Barne-well's bad peg to first of Ashikawa's grounder Yasuichi fanned to retire the side.

A bad bobble, a base on balls and Paterson's single to right field, gave the Eagles two runs in the sixth, the game being called at this stage on account of darkness.

Billy Townsend Signs for Bout With Battalino

MONTREAL, Sept. 13.—Frankie Fleming, promoter of the direct action boxing show scheduled to be held here on September 29, announced today he had signed Billy Townsend, of Vancouver, to meet Battalino, of Providence, R.I., and Louis "Kid" Kaplan, New York, to stack up against Frankie Petrolle, of Fargo, N.D. Both bouts will be over the ten-round bout.

WILLIAMS KAYOED

WINNIPEG, Sept. 13.—Frankie Battaglia, Winnipeg fighter, has been signed to meet Chick Devlin in Madison Square Garden, New York, October 3, as a semi-wind-up to the Benny Leonard-Jimmy McLarnin bout. The fight will be for the right to meet Marcel Thill, of Paris, for the world's middleweight title. Word of the arrangement was received by Battaglia last night on the eve of his contest here with Tiger Roy Williams, of Chicago.

Terry Signs to Manage Giants For Two Years

NEW YORK, Sept. 13.—Bill Terry, slugging first basemen, today signed a contract to manage the New York Giants for the next two seasons. The Memphis star took over the reins last June 3 upon the retirement of John L. McGraw.

Newsy Lalonde New Coach of Les Canadiens

MONTREAL, Sept. 13.—E. C. "Newsy" Lalonde will be coach of the Flying Frenchmen, Leo Dandurand, managing director of the Canadiens Hockey Club, made the announcement today.

Lalonde is himself a former Canadian star and is one of the most colorful figures in hockey. He was coach last year of the Providence Reds, who won the Canadian-American League championship. Previously he was coach of the Ottawa Senators.

Cecil Hart had been coach of the Canadiens the past five years.

CINCINNATI YOUTH TIES RECORD WITH SENSATIONAL 142

Fischer Adds 73 to First Day's Round of 69—Ross Somerville Well in List of Qualifiers With 150—Eric McRuvie Makes Select Circle—Cyril Tolley Blows Up on Second Round

By ALAN GOULD
Associated Press Sports Editor.

FIVE FARMS COURSE, BALTIMORE COUNTRY CLUB, Sept. 13 (AP).—In a day of dramatic surprises, punctuated by an unprecedented rush of America's new golfing talent, the qualifying medal for the United States amateur championship was captured today by a twenty-year-old college star, Johnny Fischer, of Cincinnati, and the University of Michigan, with a record-equalling tally of 68-73-142 for thirty-six holes.

Exhibiting little, if any, tendency to wilt under the strain of the most spectacular scoring pace in the thirty-six year history of the National tournament, Fischer's performance featured the almost complete domination of the proceedings by youth's biggest golfing power.

Qualifying for the first time, Fischer, who holds the United States Intercollegiate championship, beat his nearest rival, Johnny Goodman, of Omaha, by two strokes.

But for three narrow misses putts on his round today, he would have blasted a new qualifying standard instead of doing well enough to equal the mark of 142 first set by D. Clarke Corkran, of Baltimore, in 1924 at Merion, Pa., and duplicated twice by the great Bobby Jones, in 1927 and 1930.

GOODMAN SECOND

Goodman's brilliant 72-73-145 was just good enough to give the Nebraska second place. He finished one stroke in front of nineteen-year-old Wilfred Croasley, Harvard freshman, and Perry E. Hall, wealthy Philadelphia banker, tennis star by preference and golfer only by request.

Croasley and Hall, two of the qualifying play's biggest sensations, posted identical scores of 73-72-145 as they too made the grade for the first time.

In the wildest of all hunts for the thirty-two qualifying places by a field of 154 players, it took 152 or better, another record, to get into the battle for match play, which starts tomorrow with two eighteen-hole rounds for the survivors. The best previous mark was 155.

SOMERVILLE WELL UP

C. R. "Sandy" Somerville, of London, former Canadian champion, qualified easily enough by posting a 77 today alongside his 73 for the opening eighteen holes for a thirty-six-hole total of 150.

Somerville, along with Eric McRuvie, twenty-two-year-old Scotsman, present the only foreign threats remaining, as members of the British Walker Cup team were ousted. McRuvie came in under the wire with a 151 total.

Nichol Thompson, Toronto, never got going during his two rounds. He toured the course today in 79, identical with yesterday's score, which gave a 158 total.

Thirty-three were left after today's exciting events. Two of these, Willie Turnesa, of Stamford, N.Y., the youngest of a noted golfing clan, and John Brawner, Jr., Washington, each with 153, tied for the thirty-second place and will play off tomorrow.

The defending champion, Francis Ouimet, of Boston, qualified with 78-73-151, only a stroke to spare. No less than fourteen of the thirty-three players left in the scramble put their names on the qualifying list for the first round.

The oldest of the old guard, Chandler Egan, of Del Monte, Cal., champion in 1904-05, and Chick Evans, of Chicago, U.S. amateur in 1920, came through with grand rallies to qualify easily at a time when they were supposed to be through. Evans shot 149 and Egan 150.

TOLLEY BLOWS UP

Cyril Tolley, former British champion, after apparently shaking off his scoring jinx with a first-round 74, blew up with a loud detonation, took an 84 and passed out with a total of 158. The British Walker Cup captain, T. U. "Tony" Torrance, had 157 and the British champion, John de Forest, eliminated himself with exactly 161 blows.

TODAY'S DRAW

The luck of the "blind" draw, used in preference to the previous method of "seeding" the favored players, put Francis Ouimet, defending champion, and George Volgt, New York star, together in the feature eighteen-hole first round match of the United States

amateur golf championship tomorrow. Pairings follow:

Upper Half

Gene Vinson, Meridian, Miss. and M. F. Wargo, New Haven, Conn.

Perry Hall, Philadelphia, and Chick Evans, Chicago.

Ed McClure, Shreveport, La., and William Chapin, Rochester, N.Y.

Eddie Held, St. Louis, and Jesse Guilford, Boston.

Bye (to be filled in play-off) and Ross Somerville, London, Ont.

Jack Westland and John Lehman, both of Chicago.

William Blaney, West Newton, Mass., and F. H. I. Brown, Honolulu.

Lower Half

Lawson Little, San Francisco, and John Fischer, Cincinnati, Ohio.

Robert Grant, Weatherford, Conn., and Wilfred Croasley, Dedham, Mass.

Sidney W. Noyes, Jr., Ardley, N.Y., and Chris Brinke, Newton Square, Pa.

Francis Ouimet, Boston, and George Volgt, New York.

Maurice McCarthy, Jr., New York, and John E. Parker, Jr., West Orange, N.J.

Eric McRuvie, Great Britain, and Charles Yates, Atlanta.

John Goodman, Omaha, and Chandler Egan, Del Monte.

Charles Seaver, Los Angeles, and Johnny Robbins, Portland.

AL SPARKS WILL GRAPPLE BROOKS

Eddie Madrick, flashy light-heavyweight from Buffalo, the lad who gave Bobby Meyers a tough battle last week before admitting defeat, has been signed for the main event on Promoter "Winnipeg" Chilton's card Saturday evening at the Pacific Stadium.

Madrick will step into the ring against Glen Stone, Chicago, newcomer to these parts, over the eight ten-minute-round route.

In the five eight-minute-round semi-main event, Al Sparks, Los Angeles, will tackle "Rocky" Brooks, Victoria heavyweight, while two local lads will appear in the curtain-raiser, 8:45 o'clock.

Madrick dropped a tough decision a week ago to the champion after one of the best bouts seen here for a long time. The Buffalo grappler showed fine form against Meyers and will be out to take the measure of Stone in the main event. Stone will be showing in the local ring for the first time and is coming with a first-class reputation.

Sparks appeared last week for the first time, and although he lost a close bout to Ronald Blake, he displayed great form throughout. Brooks is back in the game after an absence and is going along at a fine pace. He has put on weight and is confident of giving the Salt Lake wrestler plenty to think about.

YANKEES CAPTURE AMERICAN LEAGUE BALL PENNANT

Win Over Cleveland Gives New Yorkers Flag; Cubs Divide

Victory Against Indians Assures McCarthy's Crew of Championship—Chicago Gains Half a Game by Splitting Twin Bill as Buccaneers Lose to Boston Braves

CLEVELAND, Sept. 13 (AP).—New York Yankees reached the end of their long march toward the 1932 American League championship, today, when they defeated the Indians, 9 to 3, to make their triumph a certainty. The victory was their one hundredth of the season against forty-three defeats, so far. Even if they lose all their remaining games, and the second-place Philadelphia Athletics take all the twelve they have left, the pennant still will belong to New York.

George Fipbras, veteran right-hander, had the honor of pitching the deciding game, although he had not lasted a full game against Cleveland since 1928. He came through in good style, despite the "jinx." He allowed only eight hits, and never was in danger. The Yanks piled up sixteen blows off Clint Brown and Sarge Connolly, every one of them getting at least one hit, and put the game away in the sixth inning with a four-run outburst that gave them a 7-1 margin.

Browns Win
ST. LOUIS, Sept. 13 (AP).—Irving Hadley held Boston Red Sox to five hits while his teammates were pounding a quartette of Sox hurlers to give St. Louis a 9 to 4 victory, today, in the final game of the series. Campbell, of the Browns, and Johnson, of the Red Sox,

Klein hit his thirty-sixth homer of the year after Lucas had walked Bartlett in the third inning. The Red's only run came in the first inning, when they scored on Crabtree's single, Hendrick's double and a long fly by Lombardi.

BILL PEDEN LOSES RACE TO CROSSLEY

Victoria Rider Defeated in Special Sprint Series for \$500 Wager

PAROTT AND RUSH SECOND AND THIRD

VANCOUVER, Sept. 13 (CP).—Flashing around the track at dazzling speed, Al Crossley, England, won two one-mile sprints to win a special match race with William "Torchy" Peden, Victoria, at the Astoria tonight, and win a \$500 wager.

The race, outcome of rivalry which developed between the two during the international six-day bicycle race which concluded here Saturday, was one of a series of exhibition matches between riders who participated in the event last week.

Peden, whose endurance has put him at the head of the six-day bike riders, put up a game fight, but was no match for the faster Crossley at the short distance.

Jim Davies won the special five-minute over the mile route, winning two laps and placing third in the other. Polly Parrott, Victoria cyclist, who made his professional debut at the six-day event, came second in the three-second places; while Lew Rush, another Victorian who joined the professional ranks last week, was in third position with one win and two thirds.

Severe Van Blambrouck, of Belgium, who teamed up with Frank Elliott, North Vancouver, to win last week's race, outsped Reggie Fielding, Toronto, to take two straight heats in another mile match.

HORS D'OEUVRES MAY DISAPPEAR

Paris Restaurants Find Patrons Neglecting Once-Famous Part of Dinner

PARIS, Sept. 13 (UP).—One of the greatest institutions of France is in danger of extinction—the hors d'oeuvre.

This meal in itself which precedes the main meal of most French restaurants is doomed because it costs too much and leaves too little paying appetite for profit. Three of the four latest restaurants to open here have banished the hors d'oeuvres.

The hors d'oeuvres are the dozen, or dozens, of dishes which contain the appetizers intended, back in the days of real gastronomy, to work up the appetite to feast of cooking. Unfortunately, those days have gone with depression and modern physiology and Frenchmen have sacrificed rounded contours for fatter purses and longer lives.

CHEF'S PRIDE

In most restaurants the chefs prided themselves in the range and beauty of their hors d'oeuvres. They would present that trinity of French gastronomy, hard-boiled eggs, potatoes and tomatoes, in a dozen forms and then bring on twenty forms of pigs, in different sausage skins, and fish tinned in a dozen different countries from Pole to Pole.

The hors d'oeuvres once gave you a gastronomic tour of the world. Most of them included caviar; not a few went as far away as China or Alaska for tasty edibles. It was not unusual for one sitting of hors d'oeuvres to contain twenty different dishes plus the sausage. Some of the sausages were cold, some hot, and the general price in a first-class restaurant for the entire course or collection was thirty to forty cents.

REGULARLY LEFT-OVERS

In the pre-war years of gastronomy plenty, hors d'oeuvres were according to a new Paris fashion.

Herbert Sutcliffe And Larwood Lead Cricket Averages

Famous Yorkshire Player Tops County Batmen for Third Year With Fine Average of 74.13—Larwood Bests Bowlers for Second Season

LONDON, Sept. 13 (CP).—Herbert W. Sutcliffe, of Yorkshire, is again England's premier cricket batsman, official averages issued today show. The great international first wicket player amassed a total of 3,336 runs this season, this being the third consecutive year he has topped the 3,000 mark. His total during the season was made in 52 innings, eight times not out, for an average of 74.13. Despite the high figure, 330 more than last year, Sutcliffe's showing was not as fine as in 1931, when he had an average of 84.90.

Ernest Tyldesley, Lancashire, was second in the averages with 59.02 for a total of 2,420, and Leslie Ames, Kent, third with 57.72 for a total of 2,405.

Harold Larwood, Nottinghamshire, was again leading bowler, obtaining 182 wickets at a cost of 12.86 runs each. Although he garnered twenty more wickets than last year his average was not quite so good. Hedley Verity, Yorkshire, was the second best bowler, taking 182 wickets at a cost of 13.88.

Averages follow:

BATTING	O.	R.	W.	Ave.
Sutcliffe	52	3,336	74.13

LABOR NOT TO ENTER POLITICS

Trades and Labor Congress Opposes Move to Form Party

By JACK HAMBLETON
Canadian Press Staff Writer.
HAMILTON, Ont., Sept. 13.—Six-hour day, five-day week, the repeated cry of labor again resounded today as the Trades and Labor Congress of Canada, in convention here, reiterated its stand and passed a resolution which placed it on record as favoring "adoption of a six-hour work day and five-day week by all public authorities in order to increase the opportunity for employment."

This course, if adopted, ultimately by governments, manufacturers and industry generally, would lead to tremendous increases in employment, the delegates believed, and there was not a dissenting voice as President Tom Moore, of Ottawa, placed the resolution before the Congress.

DISCUSS MORATORIUM

Seeking extension of moratorium acts in all provinces where such was now law, and urging legislatures, which have not already done so, to pass such legislation, another resolution adopted after considerable discussion, said industrial conditions "have not improved and the workers find themselves in the same or a worse position in regard to mortgages on their property."

A resolution which urged that trade relations between Soviet Russia and Canada be resumed, was turned down, with a reaffirmation of the Congress' policy that it agreed to trade relations provided no hardship was worked on Canadian labor.

Labor Council, was also disappointed. The Congress decided to stick to its original policy of carrying on "irrespective of any particular political party," after numerous speakers had outlined the difficulties connected with the formation of a national labor political organization.

HON. GEORGE BLACK ON WAY TO OTTAWA

PRINCE RUPERT, Sept. 13 (CP).—Hon. George Black, Speaker of the House of Commons, and Mrs. Black arrived here last night from Dawson, en route to Ottawa.

In order to catch a vessel sailing from Skagway the party flew by airplane from Dawson to White Horse, but on arriving there found the train for Skagway had departed. The airplane was again put into use and overhauled the train at Lake Bennett, where they boarded and completed the journey to Skagway.

Democratic Nominee To Speak in Seattle

SEATTLE, Sept. 13.—State Democratic Chairman George E. Starr announced today he had been advised from Albany, N.Y., that Governor Roosevelt, Democratic Presidential nominee, will speak in the Civic Auditorium here the night of September 30. It had been previously announced the Governor would deliver an address in Portland, but would hold only conferences here.

Overhauling Noted Theatre in Paris

THE whole of Paris is going through a gigantic overhaul which is mostly due to the new French unemployment scheme which was voted by the Parliament a few months ago. Most of the big historical monuments are undergoing repairs and all the main streets are up. This picture shows a very unusual view of the busiest part of Paris, the Place de l'Opera, showing the roadway up and the front of the Opera covered with scaffolding.

CULBERTSON ON CONTRACT

By Ely Culbertson
World's Champion Player and Greatest Card Analyst

SWINGS IN DUPLICATE
Duplicate contract is extremely interesting for one reason, in that it affords an immediate and direct contrast to the swings which are sometimes produced in contract play by freak holdings, the type of hands upon which the most heated postmortems are held when players learn that if the bidding had taken another course, the losers might have been the winners, and the winners the losers.

A hand of this special type occurred in a recent duplicate game at the Tower Bridge Club, which was participated in by many of the strongest contract players in New York City.

♠ (1)	Pass	4♠ (2)	50 (3)
5♠ (4)	Dble (5)	Pass	Pass
Redble (6)	Pass	Pass	Pass

(1) This bid is justified because South knows that the hands fit perfectly in clubs.
(2) North is somewhat at sea in regard to his partner's bid on the hand, but in view of the vulnerability, considers Ace-S adequate support to raise to game.
(3) This bid would not be severely penalized.
(4) A questionable bid, the double probably being preferable, but South reasons that his opponents know nothing of the fact that he
